5. General Obligation Bonds for Transportation

**Background:** The City Council seeks public comment on transportation projects that would be funded from a \$30 million general obligation bond. Council will consider the bond resolution to place it on the May 17<sup>th</sup> election. If passed by voters, the bond measure would replace an expiring Downtown Bend Urban Renewal Special Levy. Staff has recommended Option A which improves the Reed Market Corridor and constructs roundabouts at Brookwood/Powers, and 18<sup>th</sup> and Empire, and reconstructs to urban standards 14<sup>th</sup> Street (Simpson to Galveston) and 27<sup>th</sup> Street (Connors to Butler Market).

**Attachments:** Option A (Staff Recommended projects), Option B, Option C, and list of alternative projects

**Requested Action:** Review, comment and possible endorsement

6. Update on Citizen Service Requests

**Background:** Update about CSRs. Staff has created an information pamphlet / brochure about traffic safety that will be distributed in neighborhoods that seek drivers to slow down in their residential area. The information (pamphlet) would be handed out to neighbors by volunteers and police, TSAC and neighborhood volunteers would conduct speed checks using hand held radar guns.

**Attachments:** Safety information pamphlet

**Requested Action:** Review, comment, and select two neighborhoods for this idea and seek volunteers from TSAC to perform the work.

## **7. Galveston Revitalization Committee**

**Background:** The City and local Galveston property owners, business, and neighborhood representative have begun a committee to seek ideas, solutions and funding to improve Galveston from 14<sup>th</sup> to Riverside. This section is the third highest ranked project on the Arterial and Collector safety project list recommended by TSAC.
